

## Contact & Ordering Information

### Contact Us

**Phone:** +1-215-258-8207

**Email:** [inquiry@ogcelix.com](mailto:inquiry@ogcelix.com)

**Address:** 1 Great Valley Pkwy, Malvern, PA 19312

### How to Order

To place an order or request a quote, please contact us via email or phone. Our team will respond promptly with product details, pricing, and delivery information to support your research needs.

### Payment & Delivery

Payment and shipping terms will be provided during the ordering process. We accept standard payment methods and ensure secure, timely delivery of all products and services.

## About OgCelix

OgCelix provides comprehensive support for organoid research, delivering stable, high-quality results through ready-to-use models, specialized culture systems, and advanced organoid technology services.

Whether you are exploring disease mechanisms or screening novel therapeutics, OgCelix is your trusted partner in translational research.

### Why Choose OgCelix:

- Stable, reproducible, and physiologically relevant organoid models
- Complete product portfolio covering models, media, proteins, and antibodies
- Strict quality control and professional technical support
- One-stop solutions to streamline research and accelerate translation

**OgCelix – Your Trusted Partner for Organoid Research**  
Let's build the future of translational research together.

## Core Products

OgCelix offers a complete portfolio of organoid-related products to support every step of your research workflow. For the full product catalog, please visit the corresponding category pages as listed below.

### 3D Ready Organoids

OgCelix provides **90+** 3D Ready Organoids derived from healthy tissues, cancer tissues, iPSCs, and patient samples.

These pre-validated, cryopreserved models feature in vivo-like structure, genetic stability, and physiological relevance, ideal for disease modeling, drug screening, and precision medicine.

Selected products from our lineup are listed below.

3D Ready Organoid	
cat_no	product_name
C-001	Human iPSC-Derived Intestinal Organoid
C-002	Human iPSC-Derived Colon Organoid
C-003	Human Rectum Colon Organoid
C-004	Human Small Intestine Organoid
C-005	Human Duodenum Intestinal Organoid
C-006	Human Patient-Derived Colorectal Cancer Organoid – Caecum Duke's Stage C2
C-007	Human Patient-Derived Colorectal Cancer Organoid – Caecum Duke's Stage B
C-008	Human Patient-Derived Colorectal Cancer Organoid – Caecum Duke's Stage C1 BRAF, ARID1A, MSH3, RNF43
C-009	Human Patient-Derived Colorectal Cancer Organoid – Caecum Duke's

3D Ready Organoid	
cat_no	product_name
	Stage C1 APC, TP53, KRAS (G12D)
C-010	Human Patient-Derived Colorectal Cancer Organoid – Lower Sigmoid
C-011	Human Patient-Derived Colorectal Cancer Organoid – Rectum
C-012	Human Patient-Derived Colorectal Cancer Organoid – Sigmoid Colon APC, TP53, SMAD4
C-013	Human Patient-Derived Colorectal Cancer Organoid – Sigmoid Colon APC, TP53, KRAS (G13D), SMAD4
C-014	Human Patient-Derived Colorectal Cancer Organoid – Transverse Colon
C-015	Human Patient-Derived Colorectal Cancer Organoid – Upper Rectum
C-016	Mouse Intestinal Organoid
C-017	Ovine Intestinal Organoid
C-018	Porcine Intestinal Organoid
C-019	Bovine Intestinal Organoid
C-020	Human Familial Adenomatous Polyposis (FAP) Normal Duodenum Organoid
C-021	Human Familial Adenomatous Polyposis (FAP) Normal Duodenum Organoid
C-022	Human iPSC-Derived Midbrain Organoid
C-023	Human iPSC-Derived Midbrain Organoid 2 month Organoid
C-024	Human iPSC-Derived Midbrain Organoid 4 month Organoid
C-025	Human iPSC-Derived Midbrain Organoid 6 month Organoid
C-026	Human iPSC-Derived Forebrain Organoid 2 month Organoid
C-027	Human iPSC-Derived Forebrain Organoid 4 month Organoid
C-028	Human iPSC-Derived Forebrain Organoid 6 month Organoid
C-029	Human iPSC-Derived Cerebral Organoid
C-030	Human iPSC-Derived Mature Cerebral Organoid 100 days+
C-031	Human Kidney Organoid
C-032	Human Patient-Derived Kidney Cancer Organoid
C-033	Mouse Kidney Organoid
C-034	Ovine Kidney Organoid
C-035	Porcine Kidney Organoid
C-036	Bovine Kidney Organoid

3D Ready Organoid	
cat_no	product_name
C-037	Human iPSC-derived Cardiac Organoid
C-038	Human iPSC-Derived Lung Organoid
C-039	Human Lung Organoid
C-040	Human Patient-Derived Lung Cancer Organoid
C-041	Mouse Lung Organoid
C-042	Ovine Lung Organoid
C-043	Porcine Lung Organoid
C-044	Bovine Lung Organoid
C-045	Human Primary Breast Cancer Organoid
C-046	Human PDX Breast Cancer Organoid – Invasive Ductal Carcinoma
C-047	Human iPSC-Derived Liver Organoid
C-048	Human Intrahepatic Cholangiocarcinoma Organoid
C-049	Human Hepatocellular Carcinoma Organoid
C-050	Mouse Liver Organoid
C-051	Ovine Liver Organoid
C-052	Porcine Liver Organoid
C-053	Bovine Liver Organoid
C-054	Human Gastric Organoid
C-055	Human Gastric Cancer Organoid
C-056	Mouse Gastric Organoid
C-057	Ovine Gastric Organoid
C-058	Porcine Gastric Organoid
C-059	Bovine Gastric Organoid
C-060	Human Cervical Cancer Organoid
C-061	Human Uterine Corpus Cancer Organoid
C-062	Human Ovarian Cancer Organoid
C-063	Mouse Ovarian Organoid
C-064	Human Pancreatic Duct Organoid
C-065	Human Pancreatic Cancer Organoid
C-066	Mouse Pancreas Organoid

## 3D Ready Organoid

cat_no	product_name
C-067	Ovine Pancreas Organoid
C-068	Porcine Pancreas Organoid
C-069	Bovine Pancreas Organoid
C-070	Human Prostatic Cancer Organoid
C-071	Human Thyroid Cancer Organoid
C-072	Human iPSC-Derived Retinal Organoid
C-073	Human Gallbladder Cancer Organoid
C-074	Human Bladder Cancer Organoid
C-075	Human Bile Duct Cancer Organoid
C-076	Human Gallbladder Organoid
C-077	Mouse Gallbladder Organoid
C-078	Mouse Bile Duct Organoid
C-079	Ovine Gallbladder Organoid
C-080	Ovine Common Bile Duct Organoid
C-081	Porcine Gallbladder Organoid
C-082	Porcine Common Bile Duct Organoid
C-083	Bovine Gallbladder Organoid
C-084	Bovine Common Bile Duct Organoid
C-085	Human Epidermal Organoid
C-086	Human Peritoneal Cancer Organoid

## Media and Reagents for Organoid Culture

OgCelix provides **110+** media and reagents optimized for organoid culture, including specialized growth media, matrix gels, 3D culture plates, and supporting factors.

All products are validated to support stable establishment, expansion, and differentiation of diverse organoid systems with high reproducibility.

Selected products from our lineup are listed below.

## Media and Reagents for Organoid Culture

cat_no	product_name
M-001	Human iPSC-Derived Intestinal Organoid Differentiation Kit
M-002	Human iPSC-Derived Intestinal Organoid Maintenance Kit
M-003	Human Colonic Organoid Growth Medium Kit
M-004	Human Colonic Polyp Organoid Growth Medium Kit
M-005	Human Colonic Polyp Organoid Construction Kit
M-006	Human Colonic Organoid Construction Kit
M-007	Human Intestinal Organoid Construction Kit
M-008	Human Intestinal Cancer Organoid Construction Kit
M-009	Human Intestinal Cancer Organoid Growth Medium Kit
M-010	Human Colorectal Cancer Organoid Construction Kit
M-011	Mouse Colonic Organoid Growth Medium Kit
M-012	Mouse Colonic Organoid Construction Kit
M-013	Mouse Intestinal Organoid Growth Medium Kit
M-014	Mouse Intestinal Organoid Construction Kit
M-015	Human iPSC-Derived Cerebral Organoid Differentiation Kit
M-016	Human iPSC-Derived Cerebral Organoid Maturation and Maintenance Kit
M-017	Human Brain Glioma Organoid Construction Kit
M-018	Human Glioma Cancer Organoid Growth Medium Kit
M-019	Human Glioma Cancer Organoid Construction Kit
M-020	Human Breast Cancer Organoid Growth Medium Kit
M-021	Human Breast Cancer Organoid Construction Kit
M-022	Human Mammary Epithelial Organoid Construction Kit
M-023	Human Kidney Organoid Growth Medium Kit
M-024	Human iPSC-Derived Kidney Organoid Differentiation Kit
M-025	Human Kidney Cancer Organoid Growth Medium Kit

Media and Reagents for Organoid Culture	
cat_no	product_name
M-026	Human Kidney Cancer Organoid Construction Kit
M-027	Human Kidney Tubular Organoid Construction Kit
M-028	Human iPSC-Derived Cardiac Organoid Differentiation Kit
M-029	Human iPSC-Derived Cardiac Organoid Maintenance Kit
M-030	Human Normal Lung Organoid Growth Medium Kit
M-031	Human iPSC-Derived Branching Lung Organoid Differentiation Kit
M-032	Human Lung Adenocarcinoma Organoid Construction Kit
M-033	Human Lung Cancer Organoid Growth Medium Kit
M-034	Human Lung Cancer Organoid Construction Kit
M-035	Human Small Cell Lung Cancer Organoid Construction Kit
M-036	Human iPSC-Derived Lung Organoid Growth Medium Kit
M-037	Mouse Lung Organoid Growth Medium Kit
M-038	Mouse Lung Organoid Construction Kit
M-039	Human iPSC-Derived Liver Organoid Differentiation Kit
M-040	Human iPSC-Derived Liver Organoid Maturation and Maintenance Kit
M-041	Human Liver Cancer Organoid Growth Medium Kit
M-042	Human Hepatocellular Carcinoma Organoid Construction Kit
M-043	Human Hepatoblastoma Organoid Construction Kit
M-044	Human Hepatocellular Cancer Organoid Growth Medium Kit
M-045	Human Hepatobiliary Carcinoma Organoid Construction Kit
M-046	Mouse Liver Ductal Organoid Differentiation Medium Kit
M-047	Mouse Liver Ductal Organoid Growth Medium Kit
M-048	Human Gastric Organoid Construction Kit
M-049	Human Gastric Organoid Growth Medium Kit
M-050	Human iPSC-Derived Gastric Organoid Differentiation Kit
M-051	Human Gastric Cancer Organoid Growth Medium Kit
M-052	Human Gastric Cancer Organoid Construction Kit
M-053	Human Gastric Epithelial Organoid Construction Kit
M-054	Mouse Gastric Organoid Growth Medium Kit
M-055	Mouse Gastric Cancer Organoid Growth Medium Kit

Media and Reagents for Organoid Culture	
cat_no	product_name
M-056	Human Pancreatic Organoid Growth Medium Kit
M-057	Human Pancreatic Cancer Organoid Growth Medium Kit
M-058	Human Pancreatic Cancer Organoid Construction Kit
M-059	Mouse Pancreatic Organoid Growth Medium Kit
M-060	Mouse Pancreatic Cancer Organoid Growth Medium Kit
M-061	Human Prostatic Cancer Organoid Growth Medium Kit
M-062	Human Prostatic Cancer Organoid Construction Kit
M-063	Human Thyroid Cancer Organoid Growth Medium Kit
M-064	Human Thyroid Cancer Organoid Construction Kit
M-065	Human Cervical Cancer Organoid Growth Medium Kit
M-066	Human Cervical Cancer Organoid Construction Kit
M-067	Human Endometrial Cancer Organoid Construction Kit
M-068	Human Endometrium Organoid Construction Kit
M-069	Human Ovarian Cancer Organoid Growth Medium Kit
M-070	Human Ovarian Cancer Organoid Construction Kit
M-071	Mouse Ovary Organoid Growth Medium Kit
M-072	Mouse Ovary Organoid Construction Kit
M-073	Human Gallbladder Cancer Organoid Growth Medium Kit
M-074	Human Gallbladder Cancer Organoid Construction Kit
M-075	Human Bladder Cancer Organoid Growth Medium Kit
M-076	Human Bladder Cancer Organoid Construction Kit
M-077	Human Bile Duct Cancer Organoid Construction Kit
M-078	Human Bile Duct Cancer Organoid Growth Medium Kit
M-079	Human Normal Gallbladder Organoid Growth Medium Kit
M-080	Mouse Normal Gallbladder Organoid Growth Medium Kit
M-081	Mouse Normal Bile duct Organoid Growth Medium Kit
M-082	Human Esophageal Cancer Organoid Construction Kit
M-083	Human Esophageal Cancer Organoid Growth Medium Kit
M-084	Human Esophageal Organoid Construction Kit
M-085	Human Endometrial Organoid Construction Kit

## Media and Reagents for Organoid Culture

cat_no	product_name
M-086	Human Head and Neck Squamous Cell Carcinoma Cancer Organoid Growth Medium Kit
M-087	Human Head and Neck Squamous Cell Carcinoma Organoid Construction Kit
M-088	Human Lung Squamous Cell Carcinoma Organoid Construction Kit
M-089	Human Nasopharyngeal Carcinoma Cancer Organoid Growth Medium Kit
M-090	Human Nasopharyngeal Carcinoma Cancer Organoid Construction Kit
M-091	Human Nasopharyngeal Carcinoma Organoid Construction Kit
M-092	Human Neuroblastoma Organoid Construction Kit
M-093	Human Neuroendocrine Neoplasm Organoid Construction Kit
M-094	Human Airway Organoid Construction Kit
M-095	Human Laryngeal Cancer Organoid Growth Medium Kit
M-096	Human Laryngeal Cancer Organoid Construction Kit
M-097	Human Rhabdomyosarcoma Organoid Construction Kit
M-098	Organoid Culture Basement Membrane Matrix
M-099	Ultra-Low Attachment Surface Micro Plate
M-100	Ultra-Low Attachment Surface Flask
M-101	Ultra-Low Attachment Surface Dish
M-102	Tissue Storage Solution
M-103	Tumor Tissue Dissociation Solution
M-104	Tissue Dissociation Solution
M-105	Organoid Dissociation Solution
M-106	Organoid Cryopreservation Medium Solution
M-107	Organoid Recovery Solution
M-108	Organoid Vitality Assay Kit
M-109	Organoid Anti-Adhesion Rinsing Solution
M-110	Organoid Wash Buffer Solution
M-111	3D Cell-ATP Viability Detection Kit

## Recombinant Proteins for Organoid Culture

OgCelix provides **105+** high-activity recombinant proteins, including growth factors and cytokines, designed specifically for organoid culture.

Strict quality control ensures high bioactivity, low endotoxin, and minimal batch-to-batch variation for consistent experimental data.

Selected products from our lineup are listed below.

cat_no	product_name
R-001	Recombinant Human EGF Protein, Tag-Free
R-002	Recombinant Human EGF Protein, His Tag
R-003	Recombinant Mouse EGF Protein, Fc Tag
R-004	Recombinant Human EGF Protein, Fc Tag
R-005	Recombinant Human Noggin Protein, Tag-Free
R-006	Recombinant Human Noggin Protein, Fc Tag
R-007	Recombinant Human R-Spondin 1 (21-146) Protein, Fc Tag
R-008	Recombinant Human R-Spondin 1 (21-146) Protein, His Tag
R-009	Recombinant Human R-Spondin 1 Protein, His Tag
R-010	Recombinant Human R-spondin 1 LR5 Protein, Tag-Free
R-011	Recombinant Human R-spondin 3 Protein, Tag-Free
R-012	Recombinant Human FGF-10 Protein, His, Avi tag, Biotinylated
R-013	Recombinant Human Activin A Protein, GMP , Tag-Free
R-014	Recombinant Human Activin A Protein, Premium Grade, Tag-Free
R-015	Recombinant Human Activin A Protein, Tag-Free
R-016	Recombinant Human Latent Activin A Protein, His Tag
R-017	Recombinant Human FGF-4 Protein, His Tag
R-018	Recombinant Human BMP-4 Protein, GMP , Tag-Free
R-019	Recombinant Human BMP-4 Protein, Premium Grade, Tag-Free

Recombinant Proteins for Organoid Culture	
cat_no	product_name
R-020	Recombinant Human BMP-4 Improved sequence Protein, Tag-Free
R-021	Recombinant Human BMP-4/BMP2B Improved sequence Protein, GMP
R-022	Recombinant Human IGF-I Protein, Fc Tag
R-023	Recombinant Human IGF-I Protein, His,Avitag, Biotinylated
R-024	Recombinant Human IGF-I Protein, His Tag
R-025	Recombinant Mouse IGF-I Protein, Fc Tag
R-026	Recombinant Human IGF-I Protein, Avitag,Fc Tag, Biotinylated
R-027	Recombinant Human FGF basic Protein, GMP
R-028	Recombinant Human FGF basic Protein(154aa), Premium Grade
R-029	Recombinant Human FGF basic Protein, AviTag, His Tag, Biotinylated
R-030	Recombinant Human FGF basic Protein, Premium Grade, Tag-Free
R-031	Recombinant Human HGF Protein, GMP, Tag-Free
R-032	Recombinant Human HGF Protein, Premium Grade, Tag-Free
R-033	Recombinant Human HGF Protein, Fc Tag
R-034	Recombinant Human HGF Protein, His Tag
R-035	Recombinant Human FGF-7 Protein, Premium Grade, Tag-Free
R-036	Recombinant Human FGF-7 Protein, His Tag
R-037	Recombinant Human FGF-7 Protein, His Tag ,Avi Tag,Biotinylated
R-038	Recombinant Human Transforming growth factor-alpha/TGF-alpha Protein
R-039	Recombinant Human BMP-2 Protein, Premium Grade, Tag-Free
R-040	Recombinant Human FGF-10 Protein, His Tag ,Avi Tag, Biotinylated
R-041	Recombinant Human TGF-Beta 1 Protein, GMP
R-042	Recombinant Human TGF-Beta 1 Protein, Tag-Free
R-043	Recombinant Mouse/Rat TGF-Beta 1 Protein, Avi Tag, Biotinylated
R-044	Recombinant Mouse/Rat TGF-Beta 1 Protein, Tag-Free
R-045	Recombinant Human TGF-Beta 1/TGFB1 Protein, Avi Tag, Biotinylated
R-046	Recombinant Human TGF-Beta 1 Protein, Tag-Free
R-047	Recombinant Human Shh (C24II) Protein, Premium Grade, Tag-Free
R-048	Recombinant Human Shh Protein, His Tag, Premium Grade
R-049	Recombinant Human BDNF Protein, Premium Grade, E. coli

Recombinant Proteins for Organoid Culture	
cat_no	product_name
R-050	Recombinant Human BDNF Protein, Premium Grade, HEK293
R-051	Recombinant Human GDNF Protein, Tag-Free
R-052	Recombinant Mouse GDNF Protein, His Tag
R-053	Recombinant Human GDNF Protein, Tag-Free
R-054	Recombinant Human FGF-8b Protein, GMP
R-055	Recombinant Human FGF-8b Protein, Tag-Free
R-056	Recombinant Human FGF-8b Protein, His Tag
R-057	Recombinant Mouse FGF-8b Protein, His Tag
R-058	Recombinant Human FGF-9 Protein, His Tag
R-059	Recombinant Human FGF-9 Protein, Fc Tag
R-060	Recombinant Human FGF-1 Protein, Tag-Free
R-061	Recombinant Human FGF-2 (145 aa) Protein, Tag-Free
R-062	Recombinant Human FGF2-G3 (145 aa) Protein, Tag-Free
R-063	Recombinant Human FGF2-G3 (154 aa) Protein, Tag-Free
R-064	Recombinant Human FGF-4 Protein, Tag-Free
R-065	Recombinant Human FGF-8a Protein, Tag-Free
R-066	Recombinant Human FGF-10 Protein, Tag-Free
R-067	Recombinant Human GDNF Protein, Tag-Free
R-068	Recombinant Human HGF NK1 Protein, Tag-Free
R-069	Recombinant Human IGF-1 Protein, Tag-Free
R-070	Recombinant Human Noggin Protein, Tag-Free
R-071	Recombinant Mouse Noggin Protein, Tag-Free
R-072	Recombinant Human NRG-1Protein, Tag-Free
R-073	Recombinant Human OSM Protein, Tag-Free
R-074	Recombinant Human VEGF121 Protein, Tag-Free
R-075	Recombinant Human VEGF183 Protein, Tag-Free
R-076	Recombinant Human Basic FGF/FGF2 Protein, Tag-Free
R-077	Recombinant Human GM-CSF/CSF2 Protein, hFc Tag
R-078	Recombinant Human GM-CSF/CSF2 Protein, His Tag
R-079	Recombinant Human GM-CSF/CSF2 Protein, Tag-Free

## Recombinant Proteins for Organoid Culture

cat_no	product_name
R-080	Recombinant Human GM-CSF/CSF2 Protein, Amine-Labeled Biotinylated
R-081	Recombinant Human BAFF/BLyS/TNFSF13B Protein, hFc Tag
R-082	Recombinant Human BAFF/BLyS/TNFSF13B Protein , ECD, AVI & Fc Tag, Biotinylated
R-083	Recombinant Human BAFF/BLyS/TNFSF13B Protein, Tag-Free
R-084	Recombinant Human BAFF/BLyS/TNFSF13B Protein ,ECD
R-085	Recombinant Human IL-27 Protein, His Tag
R-086	Recombinant Human SDF-1/CXCL12 Protein, hFc Tag
R-087	Recombinant Human SDF-1/CXCL12 Protein, Tag-Free
R-088	Recombinant Human IL-18 Protein, GST Tag
R-089	Recombinant Human IL-18 Protein, Tag-Free
R-090	Recombinant Human IL-1 beta Protein, His Tag
R-091	Recombinant Human IL-1 beta Protein, Tag-Free
R-092	Recombinant Human DKK-1 Protein, hFc Tag
R-093	Recombinant Human DKK-1 Protein, His Tag
R-094	Recombinant Human KGF/FGF-7 Protein, His Tag
R-095	Recombinant Human BMP5 Protein , hFc Tag
R-096	Recombinant Human CD40 Ligand/TNFSF5 Protein, hFc Tag
R-097	Recombinant Human CD40 Ligand/TNFSF5 Protein, His Tag
R-098	Recombinant Human CD40 Ligand/TNFSF5 Protein, hFc & AVI Tag, Biotinylated
R-099	Recombinant Human Noggin/NOG Protein , hFc Tag
R-100	Recombinant Human Noggin/NOG Protein , His Tag
R-101	Recombinant Human Noggin/NOG Protein, Tag-Free
R-102	Recombinant Human PDGF-C Protein, hFc Tag
R-103	Recombinant Human PDGF-C Protein, His Tag
R-104	Recombinant Human Flt3 Ligand/FLT3LG Protein, His Tag
R-105	Recombinant Human Flt3 Ligand/FLT3LG Protein, Tag-Free
R-106	Recombinant Human HGF Activator/HGFA Protein, His Tag

## Antibodies for Organoid Markers

OgCelix provides **75+** kinds of validated organoid marker antibodies covering **stemness, lineage, tumor-associated, and immune cell markers.**

All antibodies are tested for IHC, IF, WB, flow cytometry, and ELISA to ensure high specificity and reliable performance.

**Selected products from our lineup are listed below.**

### Antibodies for Organoid Markers

cat_no	product_name
A-001	IRX4 Antibody, Polyclonal, Rabbit
A-002	Beta-III Tubulin/TUBB3 Antibody, Polyclonal, Rabbit
A-003	SOX2 Antibody, Monoclonal, Rabbit
A-004	Ki67/MKI67 Antibody, Monoclonal, Mouse
A-005	PAX2 Antibody, Polyclonal, Rabbit
A-006	EMX1 Antibody, Polyclonal, Rabbit
A-007	Transthyretin Antibody, Polyclonal, Rabbit
A-008	MAP2 Antibody, Polyclonal, Rabbit
A-009	CALB2/Calretinin Antibody, Polyclonal, Rabbit
A-010	Islet1/ISL1 Antibody, Polyclonal, Rabbit
A-011	KRT18/Cytokeratin18 Antibody, Polyclonal, Rabbit
A-012	TJP1 Antibody, Polyclonal, Rabbit
A-013	FoxJ1 Antibody, Polyclonal, Rabbit
A-014	p63 Antibody, Polyclonal, Rabbit
A-015	KLF4 Antibody, Polyclonal, Rabbit
A-016	PDHX Antibody, Polyclonal, Rabbit
A-017	ONECUT1 Antibody, Polyclonal, Rabbit
A-018	Cytokeratin 19/KRT19 Antibody, Monoclonal, Mouse
A-019	Cytokeratin 19/KRT19 Antibody, Polyclonal, Rabbit

Antibodies for Organoid Markers	
cat_no	product_name
A-020	HNF4A Antibody, Polyclonal, Rabbit
A-021	PCK1 Antibody, Polyclonal, Rabbit
A-022	ABCC2 Antibody, Polyclonal, Rabbit
A-023	CDX1 Antibody, Polyclonal, Rabbit
A-024	CDX2 Antibody, Monoclonal, Rabbit
A-025	CDX2 Antibody (5A4E6), Monoclonal, Mouse
A-026	CDX2 Antibody (34 kDa), Polyclonal, Rabbit
A-027	CDX2 Antibody, Polyclonal, Rabbit
A-028	Chromogranin A Antibody, Polyclonal, Rabbit
A-029	Chromogranin A Antibody, Monoclonal, Mouse
A-030	Chromogranin A Antibody, Monoclonal, Rabbit
A-031	Chromogranin A Antibody, Polyclonal, Rabbit, His-tag
A-032	LGR5 Antibody, Polyclonal, Rabbit
A-033	Lysozyme Antibody, Monoclonal, Rabbit
A-034	Lysozyme Antibody, Polyclonal, Rabbit
A-035	Lysozyme Antibody, Monoclonal, Mouse
A-036	LYZL1 Antibody, Polyclonal, Rabbit
A-037	LYZL4 Antibody, Polyclonal, Rabbit
A-038	LALBA Antibody, Polyclonal, Rabbit
A-039	LYZL6 Antibody, Polyclonal, Rabbit
A-040	SPACA3 Antibody, Polyclonal, Rabbit
A-041	MUC2 Antibody, Polyclonal, Rabbit
A-042	Villin Antibody, Polyclonal, Rabbit
A-043	Villin Antibody, Monoclonal, Rabbit
A-044	Villin like Antibody, Polyclonal, Rabbit
A-045	FOXJ1Antibody, Monoclonal, Rabbit
A-046	FOXJ1 Antibody(1- 421 aa), Polyclonal, Rabbit
A-047	FOXJ1 Antibody(181- 421 aa), Polyclonal, Rabbit
A-048	TTF1/NKX2-1 Antibody, Polyclonal, Rabbit
A-049	TTF1/NKX2-1 Antibody, Monoclonal, Mouse

Antibodies for Organoid Markers	
cat_no	product_name
A-050	SFTPBI Antibody, Monoclonal, Rabbit
A-051	SFTPB Antibody, Polyclonal, Rabbit
A-052	SFTP Antibody, Polyclonal, Rabbit
A-053	SOX2 Antibody, Polyclonal, Rabbit, Antigen affinity purification
A-054	SOX2 Antibody, Monoclonal, Rabbit
A-055	SOX2 Antibody, Polyclonal, Rabbit/IgG, Affinity Purified
A-056	SOX2 Antibody Polyclonal, Rabbit/Serum, Affinity Purified
A-057	SOX9 Antibody, Monoclonal, Mouse
A-058	SOX9 Antibody, Polyclonal, Rabbit
A-059	SCGB1A1 Antibody, Polyclonal, Rabbit
A-060	Uteroglobulin Antibody, Polyclonal, Rabbit
A-061	SCGB3A2 Antibody, Polyclonal, Rabbit
A-062	AFP Antibody, Polyclonal, Rabbit
A-063	AFP Antibody, Monoclonal, Rabbit
A-064	AFP Antibody, Monoclonal, Mouse
A-065	AFP Antibody(230435A2), Monoclonal, Rabbit
A-066	AFP Antibody(230435E3), Monoclonal, Rabbit
A-067	AFP Antibody, Polyclonal, Rabbit
A-068	Albumin Antibody, Monoclonal, Rabbit
A-069	Albumin Antibody, Polyclonal, Rabbit
A-070	Albumin Antibody, Monoclonal, Mouse
A-071	Cytokeratin 18 Antibody, Polyclonal, Rabbit
A-072	Cytokeratin 18 Antibody, Monoclonal, Rabbit
A-073	Cytokeratin 18 Antibody, Monoclonal, Mouse
A-074	SATB2 Antibody, Monoclonal, Mouse
A-075	SATB2 Antibody, Polyclonal, Rabbit

## Technical Services

OgCelix offers a full suite of custom organoid technology services tailored for biotech, pharmaceutical, and academic researchers.

Our end-to-end solutions cover model establishment, drug discovery, immune research, and high-throughput screening to accelerate disease research and translational medicine.

### Organoid Model Construction Services

Derive organoids from iPSCs, patient tumor/biopsy samples, and animal tissues across intestine, liver, lung, kidney, brain, and other organs.

Provide full-cycle services: organoid establishment, expansion, cryopreservation, and stable long-term culture.

Offer comprehensive characterization: morphology imaging, IHC/IF/H&E staining, gene expression, and functional assays.

Support molecular profiling: RT-qPCR, RNA-seq, single-cell transcriptomics, and NGS detection (tumor panel, WES, WGS).

Deliver standardized products: cryopreserved organoids, full QC reports, microbial and STR authentication.

### Organoid-Based Drug Discovery Services

Provide one-stop drug discovery services: small molecule, antibody, ADC, and combination drug screening.

Perform drug sensitivity testing for KRAS mutants and personalized tumor-specific regimens.

Evaluate drug efficacy: single-agent activity, synergistic effect, and PDOX/PDX in vivo validation.

Conduct safety assessment: tissue toxicity, therapeutic window, and transcriptomic/proteomic toxicity analysis.

Support preclinical decision-making with clinically relevant, predictive data.

## Organoid & Immune Cell Co-culture Services

Establish co-culture systems: organoids with PBMCs, TILs, T cells, CAR-Ts, NK cells, DCs, TAMs, and B cells.

Support bispecific antibody evaluation and tumor-immune interaction analysis.

Provide adoptive cell therapy testing: CAR-Ts/NK cells killing efficiency, immune activation, and cytokine profiling.

Simulate tumor immune escape and evaluate immunotherapy potency.

Preserve patient-specific tumor heterogeneity for personalized immuno-oncology research.

## Organoid-Based Phenotypic Screening Services

Offer high-throughput organoid screening (oHTS) for drug candidate and target identification.

Provide multi-omics analysis: genomics, transcriptomics, proteomics, and metabolomics.

Support gene-editing organoid construction and target validation.

Combine automated workflows for stable, repeatable screening results.

Accelerate target discovery, pathway validation, and early-stage drug R&D.
